

RadonEye Pro

Empower Your Inspection Business With the Right Radon Monitor. NRPP & NRSB Certified, Affordable, Increasing Productivity

About RadonEye Pro

RadonEye Pro has been designed especially for fleet use by the professional home inspection community in performing the simultaneous inspection of multiple properties.

RadonEye Pro will save you time in performing your inspections, improve the thoroughness and quality of your inspections, and save your time in report generation. Improving your productivity, the low cost of our devices gives you the ability to inspect multiple homes simultaneously, monitoring or modifying your inspections as necessary from your mobile device or desktop.

- Best radon detection sensitivity performance
- NRPP & NRSB Listed
- Feature rich and easy to use
- Strong technical support & fast customer service
- Affordable

Highest Accuracy

Ultra-sensitive 30 CPH patented radon detection technology for >8X accurate than competitors.

Wi-Fi & Bluetooth

Wi-Fi and Bluetooth enabled for maximum connectivity and remote monitoring capabilities.

Centralized Control & Insight

The RadonEye Pro web dashboard makes it easy to monitor, manage devices, and generate reports for your clients.

Technical Specifications

Radon Detection Type

Pulsed ionization chamber

Minimum detectable concentration

0.18pCi/L

First reliable data out

Within an hour

Data storage interval

10min update (60min moving average)

Sensitivity

30 CPH per 1pCi/L (0.5 CPM per 1pCi/L)

Operating range

0 ~ 40°C (32°F ~ 104°F), RH < 80%

Range

0.2 ~ 255 pCi/L (7 ~ 9,435 Bq/m³)

Accuracy (95% confidence interval)

After 10 hour

< ±10% (min. error <±0.5pCi/L)

Precision

< ±10% at 10pCi/L

Power consumption

12V DC, 100mA

Size

Φ80mm x 120mm, 240g

Data communication

Bluetooth LE (Android/iOS), Wi-Fi

Data storage capacity

Inspection mode: Max 240h x 10
(2,400 data points)

Continuous mode: 300days
(7,200 data points)

Display

0.96 Inch OLED

Operating System

iOS 12.1 or later

In the Box

Carrying bag
RadonEye Pro
Tripod holder
Extension cable
Step-up cable
Battery pouch
12V Adapter
Calibration certificate
Quick guide manual

RadonEye Pro Kit

RadonEye Pro & Carrying bag

Tripod Holder

12V Power Adapter

Battery Pouch

Extension Cable

Step-up Cable
